From the West: I-64 E to exit 76B toward US-1/US-301/Belvidere Street. Turn left onto W Leigh Street. Turn right onto N Belvidere Street. Turn left onto W Cary Street. Turn right onto 3rd street for parking.

PARKING

Parking is available directly behind our building. If you come down the 3rd street side, you can make a right hand turn directly into our parking lot.

It is a very small lot and tends to fill up quickly. If that is the case keep straight through the lot until you reach the alleyway. You can make a left hand turn down the alley and there will be additional parking on your right hand side.

On the map our building is marked with the gold and black star. Parking areas are highlighted by red boxes. There is no fee for parking in the lots outlined; please be sure to check with staff upon arrival to ensure you have parked in one of our lots.

Our parking is indicated by red and white signs that say for 203 E. Cary Street Tenants and Visitors.

BUILDING ENTRANCE

Use the entrance located on the 3rd street side of the building, which is marked with a blue box on the map above. To access the entrance you will have to go down a flight of stairs; the entry is labeled with Collaborative Advanced Research Imaging.

CHECKING IN

Please check in at the reception window when you walk into the facility by stating your name and that you are participating in the ABCD study. The receptionist will direct you upon arrival.
